Yr. 10 vs Kenilworth

Sheriff travelled to Kenilworth School knowing that if they lost their run of good form in the NatWest Bowl, it would be over. On the back of a good victory in a fiercely contested game hopes were high going into the game. Captain Finn Conway kicked off into the wind with a superbly placed kick and with some great pressure from the chase Sheriff had regained possession. The scrum was dominant and through good hands in somewhat tricky conditions young star Ewan Baker crossed the line for his first try. After the restart strong carries from every forward especially Archie Small saw sheriff marching up the pitch and with overlaps on either side of the pitch they spread it through the hands and were within touching distance again. Soon after Sheriff's touched down for their second try. The restart did not go especially well for the Sheriff side after we conceded a dropped ball and a scrummage against us. Out of that the Kenilworth side used their strong back line runners to break through the Sheriff line and touch down for their first try of the game. The backs also worked a great overlap for Nick Taylor to touch down in the corner. The game was going well at this point but some poor discipline from the defence led to the Kenilworth side working their way back into the game with a well deserved try from the standout player-

Number 13. The second half started well with two quick tries one from a great forward effort and then a well worked overlap with a great try through the middle by Archie Small. The overlap on the outside allowed Nick Taylor to put down his second try of the game. Ewan Baker calmly slotted the kick from the touch line which was the highlight of the game until the last play. The last play- a clearance kick from winger Michael Deery followed by good pressure from the centres led to a poor kick from the fullback. He sent in to captain Finn Conway who carried before offloading to Santos who drew the last remaining defenders before scissoring to Luca Marsella who fittingly allowed Man of The Match Ewan Baker to score a superb try which capped of the game. Overall the game was a great success from the sheriff side with lots of good point to take away and team moral still standing high. Yet there are still plenty of points for sheriff to work on. HOUSE ROWING

Friday saw the house rowing take place in which each house nominated 4 students from each year group to row in a relay style race. The boys worked superbly hard and the results are as followed;

year 7:
3rd Tait
2nd Caldecott
1st Simpson

year 8:
3rd Tait
2nd Simpson
1st Wheeler

Photo of year 10 rowers

year 9:
3rd Wheeler
2nd Simpson
1st Tait

year 10:
3rd Wheeler
2nd Caldecott
1st Simpson

year 11:
3rd Simpson
2nd Tait
1st Wheeler

Overall Result:
4th Caldecott = 19,285m
3rd Tait = 20,273m
2nd Simpson = 28,212m
1st Wheeler = 28,663m

Well done to all who took part!

OUTSIDE OF SCHOOL

half time team talk from captain Toby Corrigan and vice captain Harry Lummis,

Old Laurentian Colts

On a cold November morning, an Old Laurentian's side, depleted from losses to Harry Spears through injury and Dan Price to the 1st XV as well as no competitive fixtures in over a month, took on a strong Market Harborough side away. The match started as you'd expect, slow, rusty, and all around poor from an OL's side suffering from ringrust. This became clear when in the first 10 minutes after nonstop pressure on the forwards the Market Harborough centres crashed through for a well taken try. OL's came back with some strong defence from Lawrence Sheriff's James Law, Toby Corrigan, and Jake Love, but disaster struck when Matt O'Connor was given 10 minutes on the sidelines for a "dangerous" tackle. This one man deficit was telling, as Market Harborough sliced through for 2 more tries before half time. However, after strong words in the

OL's bounced into the second half with a newfound confidence, lead by impromptu fly half George Lee. Straight off the kickoff following a well earned turnover from James Law, quickball from Harry Lummis found its way to Matt O'Connor who crashed over for a try. The pressure continued when a high shot on Toby Corrigan lead to a quick tap penalty which was crashed over by James Law. With 15 minutes to go and just 3 points to take the win, the OL's knew that they needed to convert effort into points, and that's just what they did, when the scrum half Harry Lummis, just before coming off injured, picked a hole in the defence and offloaded to set Jake Love free for what would spell the end of the game competitively, as the OL's scored two quickfire under the posts tries before full time to seal out the game.

Final Score: OLs 35-17 Market Harborough

EXTRA NEWS

the Eagles as Super Bowl

American Football

The New Orleans Saints made it nine wins in a row in their seemingly relentless march towards the Super Bowl by inflicting a record 48-7 defeat on the Philadelphia Eagles, the reigning champions. Drew Brees, the Saints' 39-year-old quarterback, scored four touchdowns to help hand out the worst defeat for any defending Super Bowl champions, and could well be an MVP contender with many more performances like that. It has been a tough year for the Eagles who now have a 4-6 record and are barely clinging on in the play-off race. Questions will be asked of head coach Doug Pederson if they become just the seventh Super Bowl winners to slump to a losing record the following season. The Saints are looking one of the most likely sides to replace

champions as they topped 40 points for the sixth time in 10 games - another NFL record. "It blows my mind, too, trust me," said Saints defensive tackle Sheldon Rankins. "I think everybody knows how special we can be and everyone knows the end goal. If everybody here isn't thinking Super Bowl then they're in the wrong locker room."

Brees was at the helm when the Saints won their only Super Bowl in 2009 and, on current form, he could them back to the big game in February - a few weeks after his 40th birthday.
