

**Lawrence Sheriff School**

**Enrichment Programme**

**2022 - 2023**

## Enrichment

Twice weekly enrichment periods on a Tuesday and Thursday morning, offer students the opportunity to take part in a wide range of clubs and activities. Some of these courses lead to formal certification, but the overwhelming majority provide an opportunity for students to develop a broader range of skills and interests. This enrichment handbook is updated on a yearly basis for students to choose. Please note that some enrichments are aimed at specific year groups so when choosing, please pick only those that apply. It is also worth noting, due to some enrichments being particularly popular, you may not get your first choice.

### At a Glance - Tuesday

Adult Colouring	Lego
Animal Club	Maths Challenges
Anime	Maths for Economists
Art	MedSci
