

Lawrence Sheriff School

Enrichment Programme

2023 - 2024

Enrichment

Twice weekly enrichment periods on a Tuesday and Thursday morning, offer students the opportunity to take part in a wide range of clubs and activities. Some of these courses lead to formal certification, but the overwhelming majority provide an opportunity for students to develop a broader range of skills and interests. This enrichment handbook is updated on a yearly basis for students to choose. Please note that some enrichments are aimed at specific year groups so when choosing, please pick only those that apply. It is also worth noting, due to some enrichments being particularly popular, you may not get your first choice.

At a Glance - Tuesday

Animal Club	International Film
Board Games	Italian
Bronze Duke of Edinburgh	Lego
Card Games	Life Skills
Chess and Checkers	Maths Challenges
Core Stability	Maths for Economists
Crochet	Maths in Art
